## Davion Lewis' Campaign Announces Endorsement by Georgia Equality

The Board of Directors of Georgia Equality endorsed 13 candidates for the 2019 Municipal Election.

EAST POINT. Davion Lewis is one of 13 recently endorsed candidates by Georgia Equality. With early voting underway, this endorsement is a timely reminder of the commitment Lewis has for equality and fairness for the East Point community and beyond.

As a resident and leader of two schools in East Point, Lewis' platform is targeted and clear – improving quality of life, supporting youth engagement and leadership, strengthening the local economy, and increasing government transparency and accountability.

Lewis states, "Over the last 24 years, Georgia Equality has been relentless in its advocacy for the rights of LGBTQ+ Georgians, and today, Georgia is now a more inclusive and equitable place to live. I am humbled and proud to have the support of Georgia Equality and look forward to working alongside its leaders, members, and allies to continue this important work. This endorsement reflects my lifetime commitment to fighting for the most vulnerable among us."

According to its website, Georgia Equality works year-round to pass pro-equality legislation and elect fair-minded elected officials. Georgia Equality's executive director, Jeff Graham, explains, "Municipal elections are so important to our movement and every LGBTQ person and ally should vote in their local elections."

Davion Lewis is committed to ensuring that Ward A and the City of East Point is a great place for all residents to live, work, play, and raise a family – regardless who they love or how they identify. The City of East Point will hold a Municipal Election on Tuesday, Nov. 5, 2019.
